

TOOL // Conversation Feedback Form

What is it used for?

The form allows the teacher to provide feedback to the student regarding their performance in a short conversation in French with their teacher.

How do you use it?

The teacher fills in the topic that will be the focus of the conversation that is reflective of the teaching/learning. During and after the conversation the teacher makes notes regarding the student performance. The teacher and student go over the comments and the student provides their perspective on the performance and sets a goal.
